### Playtika Holding Corp. Reports First Quarter 2022 Results

First Quarter Revenue Grew to \$676.9 million, up 6.0% year-over-year and up 4.3% Sequentially Average Daily Payer Conversion Increased to 3.2% Casual Portfolio Revenue Grew 20.7% year-over-year and is now 52.5% of Total Revenue

Herzliya, Israel - May 10, 2022 - Playtika Holding Corp. (NASDAQ: PLTK) today released financial results for its first quarter for the period ending March 31, 2022.

#### First Quarter 2022 Financial Highlights:

- First quarter revenue was \$676.9 million compared to \$638.9 million in the prior year period.

  Net income was \$83.2 million compared to \$35.7 million in the prior year period.

  Adjusted EBITDA, a non-GAAP financial measure defined below, was \$220.5 million compared to \$258.0 million in the prior year period.

  Our cash and cash equivalents and short-term bank deposits totaled \$1,107.9 million as of March 31, 2022 with \$600 million in additional borrowing capacity pursuant to our Revolving Credit Facility, resulting in over \$1.7

"We delivered strong revenue growth as a result of our continual efforts to improve and refine our monetization program and increase retention of our players," said Robert Antokol, Chief Executive Officer of Playtika. "The year began with investment in our product roadmaps and new marketing campaigns to secure our foundation for ongoing growth. I want to thank our employees who have remained resilient through the war in Ukraine. I am forever grateful for their sacrifice and dedication to helping Playtika become a market leader in mobile gaming entertainment.

"Our differentiated live-ops and direct-to-consumer platforms provided strong sequential revenue growth in the first quarter across both our casual and casino games portfolio, and we are encouraged by strong operating metrics, with increases in average daily payer conversion and ARPDAU," said Craig Abrahams, President and Chief Financial Officer. "We continue to lay the groundwork for future growth by making investments in the business to support new game development, recent acquisitions, offline marketing campaigns, and investments in our workforce. These investments in marketing are weighted more heavily to the start of the year and will position the company well for sustainable growth.'

#### Highlights

- Casual portfolio grew revenue 20.7% year-over-year, comprising 52.5% of total revenue Average Daily Payer Conversion increased to 3.2%, up from 2.8% in Q1'21 Direct-to-Consumer channel grew 31.5% year-over-year and is now 22.5% of total revenue Solitaire Grand Harvest grew revenue 41.7% year-over-year Junes Journey grew revenue 30.4% year-over-year Caesars Casino grew revenue 8.2% year-over-year

#### New Game Developments

- Merge Stories launch planned for Q3'22
   Built by our Jelly Button studio, creators of Board Kings
   Two additional titles in development slated to soft launch for testing in 2022

#### Financial Outlook

For the full year 2022 the company anticipates revenue of \$2.73 billion and Adjusted EBITDA of \$940 million.

#### Forward Looking Information

In this press release, we make "forward-looking statements" within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements can be identified by the fact that they do not relate strictly to historical or current facts. Further, statements that include words such as "anticipate," "believe," "could," "estimate," "expect," "intend," "may," "might," "present," "project," "pursue," "will," or "would," or the negative of these words or other words or expressions of similar meaning may identify forward-looking statements.

Important factors that could cause actual results to differ materially from estimates or projections contained in the forward-looking statements include without limitation:

- our reliance on third-party platforms, such as the iOS App Store, Facebook, and Google Play Store, to distribute our games and collect revenues, and the risk that such platforms may adversely change their policies;
- our reliance on a limited number of games to generate the majority of our revenue; our reliance on a small percentage of total users to generate a majority of our revenue;
- our free-to-play business model, and the value of virtual items sold in our games, is highly dependent on how we manage the game revenues and pricing models;
- our inability to complete acquisitions and integrate any acquired businesses successfully could limit our growth or disrupt our plans and operations;
- we may be unable to successfully develop new games;
- our ability to compete in a highly competitive industry with low barriers to entry:
- we have significant indebtedness and are subject to the obligations and restrictive covenants under our debt instruments;
- the impact of the COVID-19 pandemic on our business and the economy as a whole;
- our controlled company status;
- legal or regulatory restrictions or proceedings could adversely impact our business and limit the growth of our operations;
- risks related to our international operations and ownership, including our significant operations in Israel, Ukraine and Belarus and the fact that our controlling stockholder is a Chinese-owned company;
- our reliance on key personnel;
- security breaches or other disruptions could compromise our information or our players' information and expose us to liability; and
- our inability to protect our intellectual property and proprietary information could adversely impact our business

Additional factors that may cause future events and actual results, financial or otherwise, to differ, potentially materially, from those discussed in or implied by the forward-looking statements include the risks and uncertainties discussed in our filings with the Securities and Exchange Commission. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee that the future results, levels of activity, performance or events and circumstances reflected in the forward-looking statements will be achieved or occur, and reported results should not be considered as an indication of future performance. Given these risks and uncertainties, readers are cautioned not to place undue reliance on such forward-looking statements.

Except as required by law, we undertake no obligation to update any forward-looking statements for any reason to conform these statements to actual results or to changes in our expectations.

#### Non-GAAP Financial Measures

Adjusted EBITDA is a non-GAAP financial measure and should not be construed as an alternative to net income as an indicator of operating performance, nor as an alternative to cash flow provided by operating activities as a measure of liquidity, or any other performance measure in each case as determined in accordance with GAAP.

Below is a reconciliation of Adjusted EBITDA to net income, the closest GAAP financial measure. We define Adjusted EBITDA as net income before (i) interest expense, (ii) interest income, (iii) provision for income taxes, (iv) depreciation and amortization expense, (v) stock-based compensation, (vi) contingent consideration, (vii) acquisition and related expenses, (viii) expense under our long-term compensation plans, (ix) M&A related retention payments, and (x) certain other items, including impairments. We calculate Adjusted EBITDA Margin as Adjusted EBITDA divided by revenues.

We supplementally present Adjusted EBITDA and Adjusted EBITDA Margin because these are key operating measures used by our management to assess our financial performance. Adjusted EBITDA adjusts for items that we believe do not reflect the ongoing operating performance of our business, such as certain noncash items, unusual or infrequent items or items that change from period to period without any material relevance to our operating performance. Management believes Adjusted EBITDA and Adjusted EBITDA Margin are useful to investors and analysts in highlighting trends in our operating performance, while other measures can differ significantly depending on long-term strategic decisions regarding capital structure, the tax jurisdictions in which we operate and capital investments. Management uses Adjusted EBITDA and Adjusted EBITDA Margin in the evaluation of the effectiveness of our business strategies, to make budgeting decisions, and to compare our performance against other peer companies using similar measures. We evaluate Adjusted EBITDA and Adjusted EBITDA Margin in conjunction with our results according to GAAP because we believe they provide investors and analysts a more complete understanding of factors and trends affecting our business than GAAP measures alone.

Adjusted EBITDA and Adjusted EBITDA Margin as calculated herein may not be comparable to similarly titled measures reported by other companies within the industry and are not determined in accordance with GAAP. Our presentation of Adjusted EBITDA and Adjusted EBITDA Margin should not be construed as an inference that our future results will be unaffected by unusual or unexpected items.
