- our ability to compete in a highly competitive industry with low barriers to entry;
- our ability to retain existing players, attract new players and increase the monetization of our player base;
- our ability to develop and/or launch new products and content or otherwise execute against our product roadmap strategy;
- we have significant indebtedness and are subject to the obligations and restrictive covenants under our debt instruments;

- geopolitical events such as the Wars in Israel and Ukraine;
- our reliance on key personnel;
- market conditions or other factors affecting the payment of dividends, including the decision whether or not to pay a dividend;
- uncertainties regarding the amount and timing of repurchases under our stock repurchase program;
