### **Update on Strategic Alternatives Process:**

- Due to ongoing uncertainty in Israel and Ukraine, the Board of Directors has decided to pause the company's evaluation of strategic alternatives.

“In the past year, we’ve honed our focus on efficiency and streamlined our operations, adapting to evolving industry dynamics in mobile gaming,” said Robert Antokol, Chief Executive Officer. “Now, with a solid foundation, 2024 marks our shift towards reinvestment – pursuing M&A opportunities with a strategic intent of capital deployment.”

---

<sup>1</sup> We define Free Cash Flow as net cash provided by operating activities minus capital expenditures.

“With the introduction of our new capital allocation framework, we’re taking a multi-faceted approach to maximize shareholder value: initiating quarterly dividends to return capital to shareholders and earmarking \$600 million to \$1.2 billion for M&A over the next three years,” said Craig Abrahams, President and Chief Financial Officer. “We believe that we are well positioned to lead consolidation in the mobile gaming industry.”

This press release contains “forward-looking statements” within the meaning of the U.S. Private Securities Litigation Reform Act of 1995 and Section 21E of the Exchange Act. All statements other than statements of historical facts contained in this press release, including statements regarding our business strategy, plans and our objectives for future operations, are forward-looking statements. Further, statements that include words such as “anticipate,” “believe,” “continue,” “could,” “estimate,” “expect,” “future,” “intend,” “intent,” “may,” “might,” “potential,” “present,” “preserve,” “project,” “pursue,” “should,” “will,” or “would,” or the negative of these words or other words or expressions of similar meaning may identify forward-looking statements.

We have based these forward-looking statements largely on our current expectations and projections about future events and trends that we believe may affect our financial condition, results of operations, business strategy, short-term and long-term business operations and objectives, and financial needs. The achievement or success of the matters covered by such forward-looking statements involves significant risks, uncertainties and assumptions, including, but not limited to, the risks and uncertainties discussed in our filings with the Securities and Exchange Commission. Moreover, we operate in a very competitive and rapidly changing environment and industry. As a result, it is not possible for our management to assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements we may make. In light of these risks, uncertainties and assumptions, the forward-looking statements discussed in this press release may not occur and actual results could differ materially and adversely from those anticipated, predicted or implied in the forward-looking statements.

Important factors that could cause actual results to differ materially from estimates or projections contained in the forward-looking statements include without limitation:

- actions of our majority shareholder or other third parties that influence us;
- our reliance on third-party platforms, such as the iOS App Store, Facebook, and Google Play Store, to distribute our games and collect revenues, and the risk that such platforms may adversely change their policies;
- our reliance on a limited number of games to generate the majority of our revenue;
- our reliance on a small percentage of total users to generate a majority of our revenue;
- our free-to-play business model, and the value of virtual items sold in our games, is highly dependent on how we manage the game revenues and pricing models;
- our inability to identify acquisition targets that fit our strategy or complete acquisitions and integrate any acquired businesses successfully or realize the anticipated benefits of such acquisitions could limit our growth, disrupt our plans and operations or impact the amount of capital allocated to mergers and acquisitions;
- our ability to compete in a highly competitive industry with low barriers to entry;
- our ability to retain existing players, attract new players and increase the monetization of our player base;

- we have significant indebtedness and are subject to the obligations and restrictive covenants under our debt instruments;
- the impact of the COVID-19 pandemic or other health epidemics on our business and the economy as a whole;
- our controlled company status;
- legal or regulatory restrictions or proceedings could adversely impact our business and limit the growth of our operations;
- risks related to our international operations and ownership, including our significant operations in Israel, Ukraine and Belarus and the fact that our controlling stockholder is a Chinese-owned company;
- geopolitical events such as the Wars in Israel and Ukraine;
- our reliance on key personnel;
- market conditions or other factors affecting the payment of dividends, including the decision whether or not to pay a dividend;
- whether our Board of Directors approves a stock repurchase program and any uncertainties regarding the amount and timing of repurchases under such a stock repurchase program;
- security breaches or other disruptions could compromise our information or our players' information and expose us to liability; and
- our inability to protect our intellectual property and proprietary information could adversely impact our business.

In addition, statements about the impact of the Wars in Israel and Ukraine are subject to the risks that hostilities may escalate and expand and that the actual impact may differ, possibly materially, from what is currently expected. Additional factors that may cause future events and actual results, financial or otherwise, to differ, potentially materially, from those discussed in or implied by the forward-looking statements include the risks and uncertainties discussed in our filings with the Securities and Exchange Commission. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee that the future results, levels of activity, performance or events and circumstances reflected in the forward-looking statements will be achieved or occur, and reported results should not be considered as an indication of future performance. Given these risks and uncertainties, readers are cautioned not to place undue reliance on such forward-looking statements.

The forward-looking statements speak only as of the date they are made. Except as required by law, we undertake no obligation to update any forward-looking statements for any reason to conform these statements to actual results or to changes in our expectations.

## **Non-GAAP Financial Measures**

Credit Adjusted EBITDA is a non-GAAP financial measure and should not be construed as an alternative to net income as an indicator of operating performance, nor as an alternative to cash flow provided by operating activities as a measure of liquidity, or any other performance measure in each case as determined in accordance with GAAP.

Below is a reconciliation of Credit Adjusted EBITDA to net income, the closest GAAP financial measure. Our Credit Agreement defines Adjusted EBITDA (which we call “Credit Adjusted EBITDA”) as net income before (i) interest expense, (ii) interest income, (iii) provision for income taxes, (iv) depreciation and amortization expense, (v) impairment of intangible assets, (vi) stock-based compensation, (vii) contingent consideration, (viii) acquisition and related expenses, and (ix) certain other items. We calculate Credit Adjusted EBITDA Margin as Credit Adjusted EBITDA divided by revenues.

Credit Adjusted EBITDA and Credit Adjusted EBITDA Margin as calculated herein may not be comparable to similarly titled measures reported by other companies within the industry and are not determined in accordance with GAAP. Our presentation of Credit Adjusted EBITDA and Credit Adjusted EBITDA Margin should not be construed as an inference that our future results will be unaffected by unusual or unexpected items.
